

STATEMENT

As a graduate with a First Class Honours Masters Degree in Applied Digital Media, I am actively seeking to further my career in digital media, UX/UI, web development and design. I am fascinated by the dialogue/interplay between art and design, how the former is about asking questions/posing problems, and the latter about providing answers/solutions. Allied with my background as an award-winning filmmaker my experiences, training and education have enabled me to develop broad, complimentary, transferable and valuable skill sets.

ACHIEVEMENTS

Writer/Director of *Five Day Shelter* which was Official Selection at Rome International Film Festival 2010, and Winner of Best First European Feature at Mons International Film Festival 2011.
My Masters Dissertation by practice project: "An Online, Immersive, Interactive Multimedia Screenplay Application" recieved a First Class Honours.

DIGITAL MEDIA SKILLS

In my Masters I applied my knowledge of Photoshop, inDesign, HTML5, CSS, jQuery, PHP & MySQL, Multimedia programming, video and photography. I have shown an aptitude and an enthusiasm for utilizing these technologies creatively, exploring ideas, and finding solutions. I am constantly seeking to augment and improve my skill sets, and further my understanding and knowledge of all aspects of digital media, UI, interaction design and UX. I have gained valuable work experience in web design, mobile UX/UI and digital design, working on my own initiative and as part of a team.
